

How to Draw a Cartoon Dog

In the previous tutorial, we created an easy to draw dog [\[LINK\]](#). This time we'll draw a super-cute cartoon dog. This drawing tutorial is a little more complicated, but if you go carefully and follow the step-by-step instructions, it should be easy to create a fabulous looking cartoon dog drawing.

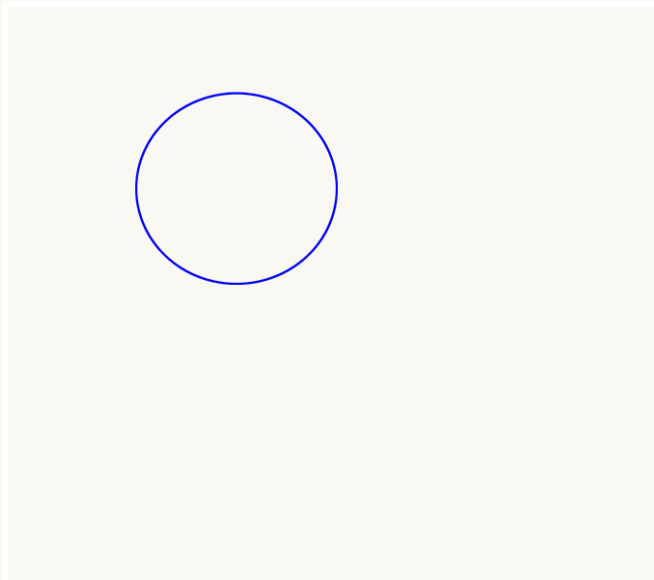

We will be using some basic shapes to get the dog's proportions right. Draw the early steps with a light touch as those lines will be erased later.

In the guide below, each step is highlighted in a light blue color.

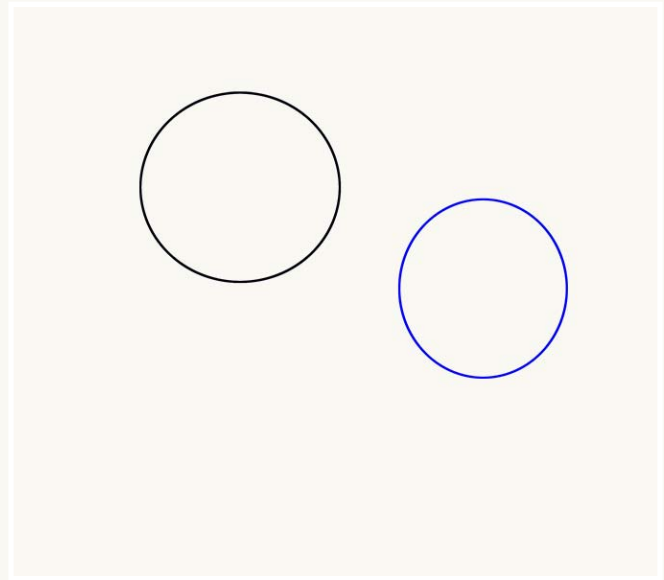

You don't need any special pens or tools. A regular pencil, eraser, and paper are all you need. If you want, you can also color the drawing with colored pencils or pens.
